

ThinkBook 16 G4 plus ARA

Built with a sleek, minimalist design, the laptop powered with up to AMD Ryzen 7 Processor meets the demands of the professionals who are always on the move. Support of optional WiFi 6E ensures high-speed connectivity and enables faster upload or transfer of files even in network-congested environments. While a long-lasting battery life of up to 9 hours helps mobile users to work outdoors for long, without any hassle.

Built for business with cutting-edge technology

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

A 16" screen with WQXGA resolution and anti-glare technology renders naturalistic images or visuals, which helps in improving the overall viewing or collaboration experience. While a buttonless multi-touch touchpad ensures smooth and easy navigation of data.

Up to 32GB LPDDR5 memory and up to 1TB SSD storage help professionals store and access data-intensive spreadsheets and enable multitasking productivity on memory-intensive applications.

Integrated webcam with privacy cover, dual-array mics with AI-based noise cancellation technology and dedicated hotkeys for calls, all make web conferencing easier and clearer.

Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..
