

ThinkCentre M90n Nano

Not much bigger than a smartphone, our smallest PC uses an energy-efficient CPU and provides the functionality of a desktop in a format that's infinitely flexible. Deploy with a single USB-C cable that connects to a compatible display providing both power and video connection. Place on a desk, use one of several mounting options, or slot into the rear bay of our Tiny-in-One displays.

Although incredibly small, users will find the performance and connectivity similar to a regular desktop. Configure with up to 2x M.2 SSD drives and a quad-core Intel Core™ i7 processor. Connect peripherals and displays via 4x USB3.1, 2x USB-C and 1x DisplayPort.

With Modern Standby users can receive emails, VoIP calls, and instant messages while the device is asleep, much like a smartphone.

Our smallest desktop PC has a footprint 5X smaller than a 14" laptop, and will fit on any desk, or can be mounted inside or behind other equipment.

Rugged compact performance primed for business

Incredibly compact and versatile, ThinkCentre Nano Series desktops are designed with powerful processors and ample RAM, allowing users to run multiple applications simultaneously. Their compact size saves desk space, promoting a clutter-free work environment.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Premier Support

- Talk directly with advanced technical support agents
- Support for software & hardware
- Next business day onsite repairs

Accessories

Lenovo Kensington MicroSaver Cable Lock

- Cut-resistant cable lock to protect against device theft; 5ft/1.5m cable anchors to desk, table or any fixed structure
- Tamper-resistant, disk-style lock provides near-impenetrable theft protection, but still allows users to pivot and rotate devices
- Fits a wide range of devices and docking solutions based on the Kensington slot design. Dual head locks available to secure 2 devices to one cable

PN: 4XE0N80914

ThinkCentre Tiny-In-One 27 display

- compatible with ThinkCentre Tiny or ThinkStation Tiny which slots behind the display to create an all-in-one
- 27" 2560x1440 display with 99% sRGB colour gamut and integrated rotatable webcam
- 2x front USB ports. 1x DisplayPort. 1x HDMI port. Lift, Pivot, Tilt, Swivel stand for viewing comfort
