

# ThinkCentre M75t Gen 2

Packed with the latest security and connectivity features demanded by businesses today, this powerful desktop tower also comes with the added advantage of easy upgradability over time. It is powered by AMD Ryzen 7 processors to accelerate business productivity. High-speed M.2 SSD storage and support for up to 3 independent displays allows office workers to multitask with ease. Plus, a USB-C port on the front panel enables quick and convenient data sharing.

## Rugged compact performance primed for business

Whether you run a small business or a department of an enterprise, these desktops are built to handle every workload. Easy to manage, they offer great expandability, rapid processing, and seamless switching between multiple programs.

Improve data and device security with a range of features including data encryption technologies, Smart USB protection that can block data transfers, chassis intrusion switch and a Kensington lock slot to tether the device.

There are 9 USB ports to connect a wide number of peripherals if needed. Plus, it comes with features like Smart Power On, which allows users to turn on the desktop using a simple keyboard shortcut.

Experience ThinkCentre productivity features at a price that won't extend your budget, along with an all-metal chassis and ThinkCentre build quality that's been tested to destruction.

# Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..
