

Rugged compact performance primed for business

ThinkCentre Tiny-In-One devices enable businesses to upgrade displays and computers separately, but still enjoy the space-saving benefits of an all-in-one device.

ThinkCentre Tiny-In-One 24 Gen 4

Can be paired with any ThinkCentre Tiny desktop (including models with 65W CPU) to build a 23.8"" modular all-in-one in less than a minute – no tools required. Integrated 1080p rotatable camera and mic support web conferencing, and there's also an optional IR camera or optional touchscreen.

The new stand is 18% more space-efficient than the previous generation and offers tilt, pivot and swivel movement and increased height adjustment of up to 150mm. Plus there’s dedicated space to store a smartphone, and charge it via USB-A or USB-C ports on the side of a connected Tiny.

Like any all-in-one, the display on/off button also powers on the PC. The screen can be pivoted 90 degrees into ‘portrait’ mode or removed from the stand and connected to an extendable arm for even greater ergonomic flexibility.

1080p webcam, dual array mics and 2x 2W stereo speakers for video conferencing. Camera angle is independently adjustable from the display and includes an integrated privacy cover.

Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Premier Support

- Talk directly with advanced technical support agents
- Support for software & hardware
- Next business day onsite repairs

Accessories

Lenovo Adjustable Height Arm

- Reduce neck & back pain by positioning a VESA-compatible monitor, ThinkCentre M AIO or Lenovo V Series AIO, to the most comfortable height and angle
- Extends display out to a range of 64cm (25”), with height adjustment up to 33cm (13”)
- Can be fitted to desk via a clamp without drilling holes

PN: 4XF0H70603

Lenovo Kensington MicroSaver Cable Lock

- Cut-resistant cable lock to protect against device theft; 5ft/1.5m cable anchors to desk, table or any fixed structure
- Tamper-resistant, disk-style lock provides near-impenetrable theft protection, but still allows users to pivot and rotate devices
- Fits a wide range of devices and docking solutions based on the Kensington slot design. Dual head locks available to secure 2 devices to one cable
