

ThinkPad L15 Gen 2 (Intel)

Your workforce can stay productivity from anywhere now with this sleek business PC. Although mid-range, it comes with built-in biometric security and other modern features that boost performance. The expansive 15.6" anti-glare display ensures a more comfortable working experience for business professionals. There are short-cut keys for managing VoIP calls, and Modern Standby which can be configured to update emails and cloud-based apps even when the device is asleep.

Built for business with cutting-edge technology

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

Mobile users will appreciate the 7hr+ battery that can optionally be charged to 80% capacity in just one hour. There are 2x USB-C ports for quick-transfer of videos, design files and large data sets, and to connect essential peripherals like an external monitor.

When working remotely, a weak WiFi network can throttle productivity. The optional 4G WWAN module in the device uses a cellular network to provide reliable data connectivity from anywhere.

Fast and responsive performance from the 11th Gen Intel Core processors, choice of HDD or SSD storage, and Intel UHD or Iris Xe graphics
