Lenovo 100e
Windows 2nd Gen

Thin and portable yet rugged enough to withstand rough everyday use, this 11.6" PC is a great choice for basic users who want to need a reliable and very portable device at an affordable price. With a choice of 64GB or 128GB of onboard storage, users can store files locally or in the Cloud.

To ensure interruption-free work, these PCs come with a battery designed to power through a full business day on a single charge.

Just like any notebook, it has ports to connect essential peripherals, through USB-C, USB 3.0, Blueooth®, optional HDMI and even a Micro SD card reader.

Built from durable polycarbonate ABS plastic, known for its impact resistance and ability to withstand wear and tear. This device has passed 12 MIL-STD 810G tests.

Redefining possibilities with powerful performance and groundbreaking on-device AI

Whether you're crunching numbers, analyzing market trends, or collaborating on presentations, these laptops, equipped with the latest-generation processors and ample memory, ensure unparalleled efficiency and reliability.
