

# ThinkCentre Tiny-in-One 27

An all-in-one PC with the performance and flexibility of a separate desktop and monitor. IT admins can upgrade PC and display independently, inserting any ThinkCentre Tiny computer into the rear bay - no cables or tools required. Office-based employees will find it easier to work on the 27" Quad HD display, with an anti-glare screen coating, low blue-light output, wide height and angle adjustment, and instant login via the infra-red facial recognition camera.

## Rugged compact performance primed for business

ThinkCentre Tiny-In-One devices enable businesses to upgrade displays and computers separately, but still enjoy the space-saving benefits of an all-in-one device.

The compact design is great for offices with limited space. The desktop can be placed neatly behind the monitor in a dedicated slot and the monitor can be wall mounted to free up valuable desk space.

Just like any all-in-one, the display on/off button also powers on the PC, and there's a webcam with integrated privacy cover.

For data analysis workloads install a ThinkStation Tiny with a powerful processor. Consider additional DDR4 memory for heavy multitasking.

## Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

### Warranty Extensions

- Purchase additional warranty periods from 1 to 5 years
- Buy at any point with or after your device purchase
- Optional On-site Service

## Accessories

### Lenovo Adjustable Height Arm

- Reduce neck & back pain by positioning a VESA-compatible monitor, ThinkCentre M AIO or Lenovo V Series AIO, to the most comfortable height and angle
- Extends display out to a range of 64cm (25"), with height adjustment up to 33cm (13")
- Can be fitted to desk via a clamp without drilling holes

PN: 4XF0H70603

### Lenovo Desktop Privacy Filter from 3M

- Patented microlouver technology darkens the screen at specific angles to protect against visual hackers
- Available in a range of sizes. Includes adhesive strips for easy residue-free removal and multiple on-and-off uses
- Reduces glare from bright computer screens and overhead lights

PN: For 21.5" displays : 4XJ0Q68426 For 23.8" displays : 4XJ0Q68427
