

ThinkPad P53s

The performance of a workstation in a lightweight portable package that's also MIL-SPEC tested for durability. It features NVIDIA® Quadro™ graphics and an optional 4K display with Dolby® Vision™ HDR and 100% colour gamut, allowing documents, graphics and web pages to be viewed in spectacular detail. There is 9 to 15hrs of battery life, depending on how the device is used, and optional 4G WWAN, so users can access the internet via a cellular network.

Configure with up to 2TB of high-speed M.2 SSD storage and 48GB of high-speed memory. Advanced users like designers and analysts can connect multiple displays and peripherals when needed via the built-in ports or use the docking connector to enable more options.

Certified or recommended for use with: Adobe After Effects, Adobe Photoshop, Adobe Premiere Pro

The quad-core processor, NVIDIA Quadro P520 graphics card and high memory capacity enable multi-tasking of graphic design files. The 4K HDR screen option provides 100% Adobe colour gamut and high contrast ratio.

Professional machines for advanced users

This 15.6" display ThinkPad P Series mobile workstations offer a choice of professional graphics and processor options.

Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..
