ThinkStation P920

For the highest computational power, this 55L workstation supports up to 56 processing cores from two Intel Xeon® Scalable processors. Configure with 5 graphics cards, massive memory arrays across 16 DIMMs, and up to 12 storage drives. Save time with Lenovo PC Diagnostics, which sends diagnostics and potential solutions to your smartphone in the event of an error. Or Lenovo Performance Tuner which enables fine-tuning of detailed settings, saving them in software-specific profiles.

Easily replace or add components to this workstation – pull the red touch points to remove tool-lessly. In addition to 8x PCIe slots, 3x FLEX Trays can accommodate DVD drives, ThunderBolt™ ports or removable storage drives.

Certified or recommended for use with: Adobe Photoshop, Adobe After Effects, Adobe Premiere Pro

Scalable multicore processing and a truly massive error-free ECC memory capacity ensure that this workstation can handle even the most demanding data analysis workloads.

Professional machines for advanced users

ThinkStation P9 Series workstations embody customer-driven innovation, offering unparalleled performance, user-friendliness, and industry-leading reliability. Their ingenious modular design ensures effortless upgrades and supports an extensive range of configurations.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

On-site Service

- If a problem can't be fixed remotely, we will visit your location
- Normally next business day service
- Agreed appointment times

Accessories

NVIDIA Quadro graphics cards

- Upgrade your workstation with a range of powerful NVIDIA Quadro graphics cards
- Can handle large rendering tasks, visual effects and life-like VR experiences with ease
- Fully qualified on ThinkStation machines

PN: Varies by configuration

ThinkStation P920

Performance

Processor
up to 2x 205W Intel Xeon Scalable processors

Operating System
Powered by Windows 10 Pro for Workstations

Memory
up to 1TB (DDR4-2666 LRDIMM or DDR4-2933 RDIMM) or 512GB (DDR4-2666 RDIMM)

Design

Dimensions
Width: 200mm (7.87"") Depth: 620mm (24.4"") Height (with feet): 446mm (17.6"")

Weight
Maximum configuration: 32.3kg (71.3lb)

Security & Privacy

Security
Access Panel Lock (optional)
Kensington lock slot
Padlock slot
TPM 2.0

Certifications

Green Certifications
GREENGUARD. EPEAT Silver rating. ENERGY STAR 6.1 qualified on select models. 80 PLUS Platinum (1400W PSU)
