## Did you know?

- According to the Corporate Knights annual ESG-focused rankings, Lenovo has been recognized as one of the world's Most Sustainable Companies in 2022, for the 3rd consecutive year in a row
- Spread across 160 countries with 3,000 field service locations and over 150,000 partners, Lenovo is a globally trusted brand.
- Lenovo believes in reliable end-to-end security of devices. Security begins with design and continues through supply chain, delivery, and the full lifecycle of the device.
- Lenovo ranked #16 in Gartner's 2021 Top 25 Global Supply Chain, highlighting their operational excellence in the global supply chain community

# Workstations

These powerful client computing solutions combine advanced graphics, server-grade processors and multi-drive storage arrays with patented cooling and diagnostic features. With built-in tools to optimize performance for a range of professional software applications, our extensive portfolio includes ultramobile laptops, micro-desktops and the largest multi-processor desktop solutions.

## ThinkStation P7 Series

## ThinkStation P6 Series

## ThinkStation P5 Series

## ThinkStation P3 Series

## ThinkPad P1 Series

## ThinkPad P Series (15.6")

## ThinkPad P4 Series

### Desktop Workstations

Each workstation is built for future expansion and is tested to exceed the requirements of the most demanding software applications.

### Mobile Workstations

Designed for power users working and travelling, these devices are optimized for a range of software titles, with professional-grade graphics and processors.

## Desktop Workstations

# ThinkStation P7

This powerful workstation with a scalable architecture and equipped with Intel Xeon Series processor exceeds everyday computing experience. With up to 1TB ultrafast DDR5-4800 memory, it promises speedy upgrades and load times for data-rich files or gaming apps. Configure it to suit your business needs by selecting from a list of discrete NVIDIA graphics, optional OS including windows 11 or Red Hat Enterprise Linux, and up to 9x M.2 SSD drives.

Self-healing BIOS

## Key Specs

Powered by Intel® Xeon® W9 processor

Supports up to three NVIDIA RTX 6000 Ada Generation

Up to 11 drives (3x 3.5" SATA HDD + 8x M.2 SSD) or 9 drives (9x M.2 SSD)

Windows 11 Pro for Workstations, Windows 11 DG Windows 10 Pro 64

# Laptops

From optimized, portable designs to the latest processing power, experience unparalleled quality and reliability with Lenovo's laptop portfolio. Powered by the latest processors, these laptops deliver blazing performance and incorporate cutting-edge features for seamless multitasking. Furthermore, ample memory and top-tier graphics ensure professionals can run demanding applications without experiencing any lag.

				<b>ThinkPad X1 Series</b> 
			<b>ThinkPad T Series</b> 	<b>ThinkPad X Series</b> 
		<b>ThinkBook Series</b> 		<b>ThinkPad L Series</b>

	<b>ThinkCentre Neo</b> 		

## Micro Desktops

With a wide range of configurations built for demanding workflows, this micro desktop is engineered to deliver the ultimate power, performance, reliability, and security.

## Towers

Compact, high-performing, and loaded with business-amplifying functionalities, our desktop towers are the top choice among users across all industries.

## Modular All-In-Ones

Versatile and instantly configurable, our modular all-in-one neatly houses a Tiny PC and display (sold separately) inside the monitor. Compatible with most ChromeBox and Thin Clients, it combines the space-saving design of traditional all-in-one desktops with an upgradeable architecture.

## Regular All-in-Ones

All-in-One desktops save space by integrating the PC into the display and have built-in web cams and speakers and require only one power cable.

## Regular All-in-Ones

# ThinkCentre M90a Pro Gen 4

This ThinkCentre is here to revolutionize the workspace and elevate the productivity of professionals working from corporate offices and other workspaces. Graphic designers, video editors, and content creators will appreciate up to 13th Gen Intel Core i9 Processors and the option for NVIDIA GeForce RTX graphics for seamless multitasking and smooth rendering. The powerful CPU with up to 64 GB DDR5 memory guarantees speedy performance, enabling financial experts to analyze data and make crucial decisions with confidence.

Supports VESA
