Lenovo Product Portfolio

Did you know?

- Lenovo ranked #16 in Gartner's 2021 Top 25 Global Supply Chain, highlighting their operational excellence in the global supply chain community
- With 46 world-class labs, 6500 globally recognized patents to its name and 100+ major design awards, Lenovo has a legacy of innovation.
- According to the Corporate Knights annual ESG-focused rankings, Lenovo has been recognized as one of the world's Most Sustainable Companies in 2022, for the 3rd consecutive year in a row
- Spread across 160 countries with 3,000 field service locations and over 150,000 partners, Lenovo is a globally trusted brand.

Unlocking opportunity for your business

Today's business leaders face evolving marketplace demands that require a new level of agility, security, and sustainability.

Transformed workforce and workplace

Intelligent infrastructure transformation

Transformative and sustainable innovation

Smarter technology for all

We use our innovation, end-to-end expertise, and global scale, reach, & channel partnerships to deliver smarter solutions that drive better outcomes'

We empower businesses to transform with purpose

Pioneer and enabler of intelligent transformation with a history of first-to market innovations and a commitment to doubling R&D in the near-term with further US\$1 billion Investment in AI over the next 3 years.

We lead and act globally, and partner locally

Our 35 factories in 180 markets give us a global reach to more than one billion customers, while our channel-centric approach and expansive network of trusted partners provide local expertise and support.

We enable our customers from pocket to cloud

Lenovo is the only global technology provider with an integrated, open choice ecosystem of devices and solutions from the phone in their pocket to the hybrid cloud powering their enterprise.

We deliver solutions that drive better outcomes

Combining hardware, software, infrastructure, and solutions, Lenovo TruScale gives you single-source convenience for all your technology needs— with the simplicity and scalability of a flexible, pay-as-you-go model - anywhere in the world.

Workstations

These powerful client computing solutions combine advanced graphics, server-grade processors and multi-drive storage arrays with patented cooling and diagnostic features. With built-in tools to optimize performance for a range of professional software applications, our extensive portfolio includes ultramobile laptops, micro-desktops and the largest multi-processor desktop solutions.

Desktop Workstations

Each workstation is built for future expansion and is tested to exceed the requirements of the most demanding software applications.

ThinkStation P7 Series

ThinkStation P6 Series

ThinkStation P5 Series

ThinkStation P3 Series

Mobile Workstations

Designed for power users working and travelling, these devices are optimized for a range of software titles, with professional-grade graphics and processors.

ThinkPad P1 Series

ThinkPad P7 Series

ThinkPad P Series (15.6")

Mobile Workstations

ThinkPad P15v Gen 3

Experience astounding performance, multitasking and visuals in this 15.6" device—designed for modern hybrid workers. Featuring the latest 12th Gen Intel Core i7 H-Series processors with 14 cores and Intel Iris XE graphics, it can handle all your heavy workloads like data analysis and CAD with ease. Thunderbolt 4 and USB 3.2 ports enable uninterrupted data transfers and amplified connectivity to monitors and peripherals. Choose the 4K IPS display with Dolby Vision HDR for superior clarity and comfort in meetings.

Keyboard with numeric pad

Key Specs

- Intel vPro® with Intel® Core™ i9 processor
- 15.6" UHD up to 3840x2160
- Intel Iris Xe Graphics in processor, up to NVIDIA RTX A2000 Laptop GPU graphics
- Powered by Windows 11 Pro

Laptops

From optimized, portable designs to the latest processing power, experience unparalleled quality and reliability with Lenovo's laptop portfolio. Powered by the latest processors, these laptops deliver blazing performance and incorporate cutting-edge features for seamless multitasking. Furthermore, ample memory and top-tier graphics ensure professionals can run demanding applications without experiencing any lag.

Mini Laptops

Maximize productivity with this laptop that offers the performance, manageability, built-in security features, and stability for what business professionals require.

Lenovo Edu Series

Basic Laptops

Designed with budget buyers in mind, these laptops excel in both aesthetics and productivity features, making them well-suited for essential office work and on-the-go usage.

Lenovo V Series

Lenovo K Series

Modern Professional

Sleek and sophisticated, these laptops seamlessly integrate the latest consumer technology with robust business-grade security and support services, offering a unique value proposition for users.

ThinkBook Series

Enterprise Productivity

With business-grade capabilities, robust security and enhanced productivity, experience versatile performance in the device.

ThinkPad T Series

ThinkPad L Series

ThinkPad E Series

Enterprise Ultra-portables

Compact, high-performing, and loaded with business-amplifying functionalities, these laptops are the top choice for consistent business voyagers.

ThinkPad X1 Series

ThinkPad X Series

ThinkPad X1 Carbon Gen 11

Professionals working from more than one location will love this ThinkPad – it has a light form factor along with modern productivity-boosting features. Powered by up to 13th Gen Intel Core processor and up to 2TB SSD storage, it's designed to handle complex files and multiple applications seamlessly. Discrete Intel Iris Xe graphics enables faster responsiveness for enhanced content creation and editing experience. Comprehensive security features ensure maximum device and data safety.

Power-on Touch
Fingerprint Reader

Key Specs

- Intel vPro®, An Intel® Evo™ Design with Intel® Core™ i7 processor
- 14" 2.8K (2880x1800) OLED AGARAS 16:10, 400nits, 100% DCI-P3
- Windows 11 Pro, Windows 11 Home, Windows 11 Home Single Language, Linux

Accidental Damage Protection

Protect from the unexpected

Today's highly mobile workforce knows that accidents happen. Drops, bumps, and spills can damage even the most durable and well-engineered tablets, PCs, and Smart Displays. And since standard warranty terms and conditions don't cover accidental damage to devices, that's where Lenovo's Accidental Damage Protection service comes in.

Covering accidents beyond the system warranty and protecting your devices from non-warranty operational or structural failures incurred under normal operating conditions, **Accidental Damage Protection (ADP)** service helps IT departments avoid purchasing and managing extra inventory to replace damaged units.

ADP offers your organization:

- **Peace of mind:** Avoid unexpected costs associated with replacing damaged system parts.
- **Comprehensive coverage:** Labour, parts, and full system replacement in cases where repair is not possible.
- **Quality assurance:** Performed by Lenovo trained technicians using qualified parts.

Standard warranty terms and conditions don't cover accidental damage and experience shows that a significant portion of users' devices will be damaged and not covered under warranty in the first three years. This is where **ADP will help you save up to 80% of your repair or replacement costs** (depending on device type and repairs needed).

Although many manufacturers limit the number of claims to once per year, Lenovo provides continued coverage and multiple repairs, or a single replacement of your laptop or desktop.
