ThinkStation P5 Series

ThinkStation P3 Series

Desktop Workstations

ThinkStation P3 Ultra SFF

Powered by up to 14th Gen Intel Core i9 Processor, this robust workstation streamlines retail operations and delivers responsive performance to inventory managers. Combined with NVIDIA RTX A5500 Laptop GPU, users can effectively manage inventory storage, upkeep, track, and monitor retail operations. The workstation is equipped with ports including USB-C 3.2 Gen2, Ethernet, DisplayPort, and dual Thunderbolt 4, enabling professionals to seamlessly connect to interactive kiosks, barcode scanners, printers, or other payment systems.

Onboard ports flexibility

Key Specs

- Up to one Intel Core i5 / i7 / i9 (12th Gen) or Intel Core i3 / i5 / i7 / i9 (13th and 14th Gen) processor; supports up to 24 cores; up to 6GHz.
- Supports up to one NVIDIA RTX A5500 Laptop GPU
- Up to 1x 2.5" HDD + 2x M.2 SSD · 2.5" HDD up to 1TB · M.2 SSD up to 4TB each
- Windows 11 Pro

Laptops

Thoughtfully designed to address the needs of performance, storage, and expandability essential for dynamic retail workflows, Lenovo's laptop portfolio is purpose-built to conquer the most demanding tasks. Offering adaptability to accommodate every facet of retail operations, from inventory management and analytics to customer relationship management and virtual storefront development, these laptops emerge as the ultimate workhorse for retail industry professionals.

Basic Laptops

For budget-conscious retail buyers, these laptops have great design and productivity features for managing sales data, retail functions and inventory usages.

Lenovo V Series

Lenovo K Series

Modern Professional

Super stylish laptops for retail experts who are drawn to consumer technology but would benefit from business-grade performance, power & security.

ThinkBook Series

Enterprise Productivity

Designed with a focus on security to safeguard sensitive customer and inventory data, reliability to ensure uninterrupted retail operations, and productivity enhancements to maximize efficiency.

ThinkPad T Series

ThinkPad L Series

ThinkPad E Series

Enterprise Ultra-portables

Compact, potent, and equipped with business-boosting functionalities, these laptops cater perfectly to retail specialists frequently shuttling between offices.

ThinkPad X1 Series

ThinkPad X Series

ThinkPad X13 Gen 3 (Intel)

If you are looking for a portable but powerful device to be a part of your in-store POS system, this 13.3" ultraportable can be considered. A full range of connectivity ports, including USB 3.2 Type-A, USB Type-C and Thunderbolt™ 4, ensure bar code scanners, cash registers and credit card payment systems can all be connected. It comes with WiFi 6E technology that enables faster access to cloud-based inventory and payment systems when used with compatible routers.

Ultra-thin form factor

Key Specs

- Intel vPro®, An Intel® Evo™ Design with Intel® Core™ i7 processor
- 13.3" screen, up to WQXGA (2560x1600)
- Powered by Windows 11 Pro

Desktops / All-In-Ones

Lenovo desktops offer flexibility for retail enterprises and include sleek space-saving all-in-ones and micro-desktops that can be hidden from view. Each device has different performance and future upgrade capabilities, designed to meet your changing needs over time.

Micro Desktops

With enterprise-grade security features and flexible expandability options, this micro desktop empowers retailers to stay agile and responsive in an ever-evolving market landscape.

Special Features

Immersive, high-performance gaming.

Its 34-inch WQHD (3440 x 1440) resolution screen with 21:9 aspect ratio and 1500R curvature renders clear and sharp imagery that fills every part of your peripheral vision to readily draw you into the battlefield. Enjoy vivid gaming scenes with the VA panel's 124% sRGB color area ratio that delivers outstanding color accuracy.

Strike fast.

Its overclock refresh rate of 170Hz can effectively eliminate stuttering and ghosting in high action scenes. AMD FreeSync™ Premium ensures a dynamic refresh rate for a smooth and seamless gaming experience. Its 0.5ms MPRT response time gives you a competitive edge with the ability to catch and respond to every moment swiftly.

Optimized comfort for higher performance.

Its two built-in 3W speakers are finely tuned to enhance BGM, gunshots, or the roars of racing cars. Connect a gaming PC, console, and all your essential devices via HDMI 2.0, DP 1.4, and an audio out to take your performance to the next level.
