Did you know?

- Lenovo ranked #8 in Gartner's 2023 Top 25 Global Supply Chain, highlighting their excellence in the global supply chain community.
- In 2022, Lenovo has been named among FORTUNE Magazine's World's Most Admired Companies.
- With 46 world-class labs, 6500 globally recognized patents to its name and 100+ major design awards, Lenovo has a legacy of innovation.
- Lenovo manages 8,000 orders a day, 80% of which are small-scale orders of less than five units.

Workstations

From ultramobiles to the largest multi-processor desktops, our workstations enable retail analysts, designers and operations specialists to work with statistical models, data visualization and graphic design. They combine advanced components with patented cooling and diagnostic features, while built-in tools enable users to optimize performance for their preferred software applications.

ThinkPad P1 Series

ThinkStation P7 Series

ThinkStation P5 Series

ThinkStation P3 Series

ThinkPad P4 Series

Desktop Workstations

Built for future expandability and tested to exceed the requirements of the most demanding software applications used by retail analysts and designers.

Mobile Workstations

Experience enhanced customer service and interactions with these mobile workstations, specifically designed to empower retail professionals to adapt to dynamic retail environments.

Desktop Workstations

ThinkStation P3 Ultra

Powered by up to 13th Gen Intel Core i9 Processor, this robust workstation streamlines retail operations and delivers responsive performance to inventory managers. Combined with integrated Intel UHD 730 or 770 Graphics, users can effectively manage inventory storage, upkeep, track, and monitor retail operations. The workstation is equipped with ports including USB-C 3.2 Gen2, Ethernet, DisplayPort, and dual Thunderbolt 4, enabling professionals to seamlessly connect to interactive kiosks, barcode scanners, printers, or other payment systems.

Onboard ports flexibility

Key Specs

13th Gen Intel Core i3 / i5 / i7 / i9 processor, supports up to 24 cores, up to 5.8GHz

Supports up to one NVIDIA RTX A5500 Laptop GPU

Up to 1x 2.5" HDD + 2x M.2 SSD · 2.5" HDD up to 1TB · M.2 SSD up to 4TB each

Windows 11 Pro

Laptops

Thoughtfully designed to address the needs of performance, storage, and expandability essential for dynamic retail workflows, Lenovo's laptop portfolio is purpose-built to conquer the most demanding tasks. Offering adaptability to accommodate every facet of retail operations, from inventory management and analytics to customer relationship management and virtual storefront development, these laptops emerge as the ultimate workhorse for retail industry professionals.

Basic Laptops

For budget-conscious retail buyers, these laptops have great design and productivity features for managing sales data, retail functions and inventory usages.

Modern Professional

Super stylish laptops for retail experts who are drawn to consumer technology but would benefit from business-grade performance, power & security.

Enterprise Productivity

Designed with a focus on security to safeguard sensitive customer and inventory data, reliability to ensure uninterrupted retail operations, and productivity enhancements to maximize efficiency.

Enterprise Ultra-portables

Compact, potent, and equipped with business-boosting functionalities, these laptops cater perfectly to retail specialists frequently shuttling between offices.

Enterprise Ultra-portables

ThinkPad X13 Gen 3 (Intel)

If you are looking for a portable but powerful device to be a part of your in-store POS system, this 13.3" ultraportable can be considered. A full range of connectivity ports, including USB 3.2 Type-A, USB Type-C and Thunderbolt™ 4, ensure bar code scanners, cash registers and credit card payment systems can all be connected. It comes with WiFi 6E technology that enables faster access to cloud-based inventory and payment systems when used with compatible routers.

Ultra-thin form
factor

Key Specs

Micro Desktops

With enterprise-grade security features and flexible expandability options, this micro desktop empowers retailers to stay agile and responsive in an ever-evolving market landscape.

Towers

From inventory management to point-of-sales operations and data analysis, our range of desktop towers cater to diverse retail software needs, ensuring seamless integration and efficient workflow.

Modular All-In-Ones

Seamlessly integrating a Tiny PC and display within the monitor, our modular AIO caters to the dynamic needs of retail industry professionals by enhancing collaboration, streamlining workflows and compatibility with ChromeBox and Thin Clients.

Regular All-in-Ones

All-in-One desktops save space by integrating the PC into the display and have built-in web cams and speakers and require only one power cable.

Towers

ThinkCentre M70s Gen 4

Retail specialists will appreciate the advanced security and productivity-boosting features this ThinkCentre brings to the table. Loaded with 128GB DDR4 memory capacity, up to 2TB SSD storage and Intel UHD 770 graphics, mean this desktop can be configured for a wide range of usage scenarios within the retail environment, including kiosks, digital signage and POS.

Radeon™ series graphics card.
Screen Dimensions 803.2 mm x 357.9 mm Weight Unpacked (kg / lb) 8.6
kg / 19.0 lbs.

Immersive, high-performance gaming.

Its 34-inch WQHD (3440 x 1440) resolution screen with 21:9 aspect ratio and 1500R curvature renders clear and sharp imagery that fills every part of your peripheral vision to readily draw you into the battlefield. Enjoy vivid gaming scenes with the VA panel's 124% sRGB color area ratio that delivers outstanding color accuracy.

Strike fast.

Its overclock refresh rate of 170Hz can effectively eliminate stuttering and ghosting in high action scenes. AMD FreeSync™ Premium ensures a dynamic refresh rate for a smooth and seamless gaming experience. Its 0.5ms MPRT response time gives you a competitive edge with the ability to catch and respond to every moment swiftly.

Optimized comfort for higher performance.

Its two built-in 3W speakers are finely tuned to enhance BGM, gunshots, or the roars of racing cars. Connect a gaming PC, console, and all your essential devices via HDMI 2.0, DP 1.4, and an audio out to take your performance to the next level.
