Innovation

Smarter technology for all

We use our innovation, end-to-end expertise, and global scale, reach, & channel partnerships to deliver smarter solutions that drive better outcomes'

We empower businesses to transform with purpose

Pioneer and enabler of intelligent transformation with a history of first-to market innovations and a commitment to doubling R&D in the near-term with further US\$1 billion Investment in AI over the next 3 years.

We lead and act globally, and partner locally

Our 35 factories in 180 markets give us a global reach to more than one billion customers, while our channel-centric approach and expansive network of trusted partners provide local expertise and support.

We enable our customers from pocket to cloud

Lenovo is the only global technology provider with an integrated, open choice ecosystem of devices and solutions from the phone in their pocket to the hybrid cloud powering their enterprise.

We deliver solutions that drive better outcomes

Combining hardware, software, infrastructure, and solutions, Lenovo TruScale gives you single-source convenience for all your technology needs— with the simplicity and scalability of a flexible, pay-as-you-go model - anywhere in the world.

Workstations

From ultramobiles to the largest multi-processor desktops, our workstations enable retail analysts, designers and operations specialists to work with statistical models, data visualization and graphic design. They combine advanced components with patented cooling and diagnostic features, while built-in tools enable users to optimize performance for their preferred software applications.

Desktop Workstations

Built for future expandability and tested to exceed the requirements of the most demanding software applications used by retail analysts and designers.

Mobile Workstations

Experience enhanced customer service and interactions with these mobile workstations, specifically designed to empower retail professionals to adapt to dynamic retail environments.

ThinkPad P14s Gen 4 (AMD)

Embrace unmatched performance, reliability, and versatility to drive innovation, and transform retail endeavors with this laptop that offers advanced computing capabilities. Equipped with up to AMD Ryzen 7 processors, it enables retail analysts to crunch numbers, analyze sales trends, optimize inventory with lightning-fast speed, make smarter stocking decisions and maximizing profits. Wi-Fi6E ensures that customer experience enthusiasts are always connected to CRM systems and inventory databases to access real-time information instantly.

Key Specs

- AMD Ryzen 5 / 7 PRO 7040U series
- 14", 2.8K (2880x1800), OLED, Anti-glare, 16:10, 400nits
- AMD Radeon 740M/780M Graphics (integrated)
- Windows 11 Pro, Windows 11 Home, Windows 11 Home Single Language

ThinkPad P14s Gen 4 (Intel)

Powered by the latest 13th Gen P Series Intel Core i7 Processor, this device can handle complex calculations and algorithms, helping pricing analysts identify patterns and trends in inventory data more accurately. Supported by Intel Iris Xe and NVIDIA RTX Graphics, this device lets inventory managers deal with complex supply chain information, logistics data, and product specifications faster. Moreover, with up to 48GB DDR5 memory, they can manage retail inventory visualizations and presentations effectively.

6-row, spill-resistant, multimedia Fn keys

Key Specs

- Intel vPro® with Intel® Core™ i7 processor
- 14" WUXGA (1920x1200) IPS Anti-glare 16:10- 300nits, 45% NTSC
- Intel Iris Xe Graphics (integrated), NVIDIA RTX A500 GPU
- Windows 11 Pro/Home/Home Single Language/DG Windows 10 Pro 64

ThinkPad P16s Gen 2 (AMD)

Unleash the potential of this ultra-portable 16" device- designed keeping hybrid retailers in mind. Featuring the AMD Ryzen 7PRO 6000 series mobile processors, this device can handle complex inventory and merchandise management tasks easily. Its 100% sRGB color gamut, Dolby Vision, high-resolution display offers clearer visuals whereas the Dolby Audio speakers and optional 1080p hybrid camera features enable professionals to have seamless audio and video conferences while meeting with potential suppliers and buyers.

3-button TrackPoint pointing device and glass-like Mylar surface multi-touch touchpad

Key Specs

- AMD Ryzen 5 / 7 PRO 7040U Series Processor
- 16", WQUXGA (3840x2400), OLED, 16:10, 400nits Brightness
- AMD Radeon 740M/780M Graphics (integrated)
- Windows 11 Pro, Windows 11 Home, Windows 11 Home Single Language

ThinkPad P16s Gen 2 (Intel)

Cased in a 16” chassis, this ThinkPad is tailored specifically to meet the advanced computing needs of retailers. Boasting the 13th Gen Intel Core i7 processor and NVIDIA RTX A500 graphics, the device lets professionals streamline inventory tracking, create personalized marketing campaigns and optimize merchandising strategies. The dual Thunderbolt 4 ports enable faster file transfers whereas the Intel Wi-Fi 6E feature offers consistent internet speeds during client presentations and virtual meetings.

Superior graphics for crystal clear visuals
